Users says: dreamweaver banner rotator v2 - This is a great software! I created banner rotator for my page very easy. I have two rotators: First with image2 and second with text. I added all parameters to all images (480, 250, etc.). When page loads first time you can see rotation without any flashing. I need to put some text for description. When you click on image or text you see the description. So, my banner is not only for advertising but also with some description. I think this is great software. So, i give it a ****. - There is nothing like this. - Very easy to use. - Best - Turbo de dreamweaver banner rotator v2 - This is a great software! I created banner rotator for my page very easy. I have two rotators: First with image2 and second with text. I added all parameters to all images (480, 250, etc.). When page loads first time you can see rotation without any flashing. I use it to promote my website and I am very happy with it. It is very easy to use and I can customize it according my taste. I will recommend it to all my friends. - This is a great extension. -

System Requirements:

Other: "What's the biggest secret of The Witcher 3: Wild Hunt?" - I asked CD Projekt RED "The secret of The Witcher 3 is time. We want to create a game with a strong emotional core, so you have to live in the game, the story you tell must not only be interesting and attractive, but must also involve you, give you the sense of life. But, at the same time, the game must be a big game, you must be able to live it. "Our biggest challenge was to create a game
